

	FRIDAY 3/11/2017	SATURDAY 4/11/2017	SUNDAY 5/11/2017	MONDAY 6/11/2017	TUESDAY 7/11/2017	WEDNESDAY 8/11/2017	THURSDAY 9/11/2017
	MOTORWAY CONSTRUCTION PROJECTS	ROADS:ENVIRONMENT AND GEOTECHNICS	CULTURAL VISIT	BRIDGES	TUNNELS	MOTORWAY MANAGEMENT, OPERATIONS, AND SAFETY	TECHNICAL VISIT
9:00 – 9:50	Opening Speech <i>Thierry Goger</i> Secretary General Forum of European National Highway Research Laboratories Belgium	Numerical analysis and design of geotechnical structures <i>Lidija Zdravcovic</i> Ph.D. Professor Imperial College of London UK	Visit to White Tower of Thessaloniki	Construction methods for bridges <i>Ch. Polyzos</i> Civil Engineer "Egnatia Odos S.A."	NATM tunnelling method for motorways <i>S. Lekkas</i> Senior Geologist IRD Engineering Italy	European transport policy <i>K. Diamandouros</i> Head of Secretariat Office European Road Federation Belgium	Traffic Control Center
9:50 – 10:40	Keynote Speech Harmony in bridge design <i>E. Siviero</i> Professor Ing. Arch. HC Rector University eCampus Italy	Road cuttings and cut slopes <i>E. Sakoumpenta</i> Civil Engineer M.Sc. "Egnatia Odos S.A."		Economic aspects of bridge engineering <i>K. Petroutsatou</i> Ph.D. Assistant Professor Aristotle University of Thessaloniki	Motorway tunnels with non-reinforced concrete lining <i>K. Koukaliaroglou</i> Civil Engineer Geotechnical Engineer Parsons Corporation USA	Motorway operations and maintenance <i>J.C. Roffe</i> Vice-President European Road Federation Belgium	
10:40 - 11:00	Coffee Break	Coffee Break		Coffee Break	Coffee Break	Coffee Break	
11:00 - 11:50	Motorway concession projects <i>S. Pentheroudakis</i> CEO Concessionaire "Nea Odos"	Road earthworks and environment <i>Rosa Arce Ruiz</i> Professor University of Madrid Spain	Boat tour on Thermaikos Gulf	Construction project of the 3rd Bosphorus Bridge <i>J.F. Klein</i> T-engineering intl Consulting Engineers Switzerland	Rational tunnelling in squeezing rock <i>D. Kolymbas</i> Professor Dr. Division of Geotechnical and Tunnel Engineering University of Innsbruck Austria	ITS for traffic management on motorways <i>C. Pronello</i> Professor Politecnico di Torino Italy	Visit to Vergina Archaeological Site
11:50 - 12:40	The strategy for road infrastructure development in recession times <i>S. Lambropoulos</i> Professor National Technical University of Athens	Design and construction of reinforced embankments <i>A. Ritsos</i> Civil Engineer Geotechnical Engineer "Edafomichaniki S.A."		Suspended bridges: The Rio Bridge <i>P. Papanikolas</i> Country Manager Vinci Concessions S.A. France	Tunnelling in limestone formations <i>M. Stathopoulos</i> M.Sc. Geologist	Operations on peri-urban motorway <i>B. Halkias</i> Transportation Engineer CEO "Attikes Diadromes S.A."	
12:40 – 13:00	Coffee Break	Coffee Break		Coffee Break	Coffee Break	Coffee Break	
13:00-13:50	Experiences from managing quality of highway projects in Greece <i>Y. Vakalis</i> Ph.D. Civil Engineer Project Manager of Concession Projects	Geotechnical engineering – the art of burying success <i>J. S. Steenfelt</i> Professor Technical Director COWI Denmark		The Citadelle Bridge in Strasbourg: a balancing exercise <i>A. Giannopoulos</i> Civil Engineer Egis Group France	Motorway pavements and asphalt courses <i>A. Nikolaides</i> Ph.D. Professor Aristotle University of Thessaloniki	Traffic safety on motorways <i>F. Kehagia</i> Ph.D. Associate Professor Aristotle University of Thessaloniki	
13:50 – 14:40	Motorway construction projects in Middle East <i>A. Angelidakis</i> Dep. Project Manager Independent Engineer Central Greece Motorway	Landsides and stabilization measures <i>M. Skempas</i> Ph.D. Geotechnical Engineer World Bank Consultant		Discussion	Discussion	Discussion	
14:40 - 15:30	Lunch Break	Lunch Break		Lunch Break	Lunch Break	Lunch Break
